

REMARKS

Claims 1-66 have been canceled and new Claims 67-151 have been added. Support for the new claims is found in the specification and claims as filed.

Suggested Restriction Requirement

Applicants suggest the following restriction requirement:

Group I: Claims 67-90, drawn to systems and methods for determining a stability of substantially continuous glucose sensor, classified in class 702, subclass 108.

Group II: Claims 91-105, drawn to systems and methods for initializing a continuous glucose sensor, classified in class 600, subclass 301.

Group III: Claims 106-117, drawn to systems and method for calibrating a continuous glucose sensor, classified in class 702, subclass 85.

Group IV: Claims 118-131, drawn to systems and methods for displaying sensor data, classified in class 600, subclass 322.

Group V: Claims 132-151, drawn to systems and methods for graphically representing sensor data, classified in class 702, subclass 127.

Applicants elect, without traverse, the invention of Group I, including Claims 67-90.

No Disclaimers or Disavowals

Although the present communication may include alterations to the application or claims, or characterizations of claim scope or referenced art, the Applicants are not conceding in this application that previously pending claims are not patentable over the cited references. Rather, any alterations or characterizations are being made to facilitate expeditious prosecution of this application. The Applicants reserve the right to pursue at a later date any previously pending or other broader or narrower claims that capture any subject matter supported by the present disclosure, including subject matter found to be specifically disclaimed herein or by any prior prosecution. Accordingly, reviewers of this or any parent, child or related prosecution history

Application No.: 10/633367
Filing Date.: 01-Aug-2003

shall not reasonably infer that the Applicants have made any disclaimers or disavowals of any subject matter supported by the present application.

Co-Pending Applications of Assignee

Applicant wishes to draw to the Examiner's attention to the following co-pending applications of the present application's assignee.
